

BF Safes

Affordable Solution to Protect Your Documents and Valuables

A burglary and fire safe is an affordable solution when you want to protect both papers from fire and valuables from burglary. The high density composite door and body offers excellent burglary protection, while offering one hour fire protection. A 2" door slab, relocking device, composite body and a dual locking function with bolt control offers security against a burglary attack and intense fire.

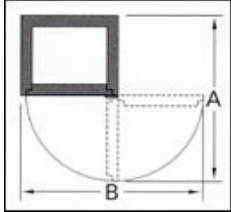

Features

- High security construction, using max density aggregate compound with a steel matrix.
- 2" barrier walls and door slab
- Chrome-plated 1 ¼" bolts in a 3-way mechanism
- Auto lock bolt detent
- UL Group II lock with satin dial, dial ring, and handle
- High security key lock
- Auto firing passive relocker
- Drill resistant hard plate
- Stainless steel polished fascia panel
- Adjustable shelves
- 2 internal bolt-down holes
- Security installation platform
